**Bord à Bord**

## A timeless ship.

***The Dervinis 620 is an all-aluminum boat: it is THE model that has largely contributed to creating Bord à Bord's reputation.***

*Highly valued by NGOs and other shipowners as a robust and seaworthy vessel, its hull shape and wide chines allow it to withstand the most extreme sea conditions. These qualities make it a versatile vessel for all recreational uses.*

SHIPYARD BORD TO BORD

# Who are we ?

Located in Côtes d'Armor, Bord à Bord has been designing and manufacturing aluminum vessels for over 20 years. They offer a range of boats up to 24 meters in length, suitable for various activities, whether for professionals, recreational fishermen, or adventurers.

Passionate about their craft, the experienced boilermakers and welders are involved in every project. They work under an aluminum license, guaranteeing a high-quality boat, within an eco-design framework.

Production monitoring is carried out by regularly sending photos during manufacturing to include clients in the project's progress.

## VISION

We make every effort to enable our recreational boating customers to live their passion and fulfill their dream, and to enable our professional customers to work on safe, high-performance boats adapted to their profession.

## ASSIGNMENT

Our mission is to design and manufacture aluminum boats that meet our clients' specifications and current regulations. Participating in the ecological transition is a point of honor at Bord à Bord, which is why we design environmentally friendly boats .

## PEOPLE FIRST

At Bord à Bord, we firmly believe that actively listening to our customers allows us to constantly improve and innovate to enhance our products. This enables us to offer them the solutions best suited to their businesses. Teamwork is a real asset, both internally and with our many partners.

ALUMINUM

## "Why choose an aluminum boat?"

### QUALITY

Our boats are fully welded using the TIG/MIG protocol, and everyone is involved in ensuring quality control.

### LIFETIME

Aluminium is synonymous with durability; buying an aluminium boat is a long-term investment.

### AESTHETIC

Our boats feature a brushed surface treatment for a refined finish. Numerous options are available to personalize the boat's design.

### ROBUSTNESS

The structure and optimized thickness of the aluminum used in the boat give it strength and durability.

### RESISTANCE

Aluminium offers high resistance to shocks and friction.

### ENVIRONMENT

The aluminum used in manufacturing is composed of 70% recycled aluminum. Aluminum can be recycled up to 98%, confirming our eco-design approach.

### FLAMMABILITY

Safety on board is enhanced by the non-flammable nature of aluminum.

# GENERAL TERMS AND CONDITIONS OF SALE 1/2

These general terms and conditions of sale govern all sales of Goods by BORD A BORD to the Buyer. They apply to the contractual relationship between BORD A BORD and any Buyer and constitute the legal basis for all sales that have not been the subject of specific express agreements accepted by both parties.

## ARTICLE 1 - APPLICATION OF THE GENERAL TERMS AND CONDITIONS OF

**SALE** These General Terms and Conditions of Sale (22/04/2020) are systematically sent or given to each buyer to enable them to place an order and apply automatically to all sales of new motorboats or pleasure craft manufactured by BORD A BORD. Consequently, placing an order implies the Buyer's full and unreserved acceptance of these General Terms and Conditions of Sale, to the exclusion of all other documents such as brochures and catalogs issued by the Company or the manufacturer of the Goods, which are for informational purposes only.

**ARTICLE 2 - ORDER - MODIFICATION OF GOODS - DELIVERY** The order is final once the Bord à Bord quote or order form has been accepted and signed by the Buyer. Any modification to the order must be agreed upon in writing by both parties. Any modification will automatically result in a postponement of the initially scheduled delivery date. The sale of the boat will be formalized by a signed delivery note.

**ARTICLE 3 - DATE OF AVAILABILITY AND COLLECTION OF GOODS** The date of availability of the goods is specified in the order form. For personalized goods (subject to options), the availability date is given for informational purposes only. As soon as the Company has carried out the necessary checks with its suppliers, it will inform the buyer and provide a firm date.

The Buyer agrees to take delivery of the goods at the Bord à Bord shipyard (EXW) within 15 days of the availability date indicated on the order form. After this period, Bord à Bord may, at its discretion, cancel the sale without prior notice and dispose of the goods. The deposit paid by the Buyer will remain the property of Bord à Bord.

## ARTICLE 4 – GUARANTEES AND LIABILITIES

### 4.1 COMMERCIAL GUARANTEE

Buyer benefits from the BORD A BORD commercial guarantee under the following conditions and terms:

The warranty is 1 year on the aluminium structure of the boat in the case of metalwork and installation of accessories for professional boats.

The warranty is 2 years on the aluminum structure of the boat, including metalwork and installation of accessories for pleasure boats.

The warranty is 1 year on accessories - Manufacturer's warranties. The warranty is personal to the Buyer and non-transferable. The warranty applies provided that the usage recommendations indicated in the Owner's Manual are respected.

Any work on the boat without the manufacturer's written authorization will result in the loss of this warranty and possibly legal action.

If the warranty return requires Bord à Bord's intervention, this will be done in their workshop.

In this case, the costs associated with returning the boat to the workshop will be borne by the boat owner.

## 4.2 LEGAL GUARANTEES

If the owner makes any modifications to the goods, they must use a professional or authorized repairer for maintenance, repairs, or the supply of spare parts. Otherwise, the Buyer will lose the benefit of Bord à Bord's legal warranties.

## ARTICLE 5. – PRICE

The selling prices of the Goods are those applicable at the time of signing the quote or order form for series boat models.

The selling prices of the goods may be adjusted at the time of ordering the raw material and other components in the case of custom-made models or models that have been modified by a naval architect.

In the event of significant fluctuations in raw material prices at the time of ordering, an adjustment to the selling price may also take place.

Shipping costs are not fixed; they may be updated at the time of delivery.

Prices are in euros including all taxes (TTC).

However, the costs of launching, launching, handling, packaging, transport, delivery, registration, and customs clearance remain the responsibility of the Buyer. Any tax, duty, fee, or other charge payable under French regulations or those of an importing or transit country is also the Buyer's responsibility.

# GENERAL TERMS AND CONDITIONS OF SALE 2/2

## ARTICLE 6. - PAYMENT 6.1.

### TERMS AND CONDITIONS

Unless otherwise stipulated in our quotes or order forms, the Buyer shall pay a deposit of 30% of the price including VAT upon ordering, the said sum not constituting in any way a down payment.

The goods are delivered by Bord à Bord (ex-works EXW) only upon full payment.

Bord à Bord does not intend to grant any discount for cash payment or payment made before the date resulting from these Terms and Conditions.

### 6.2. DELAY

Any sum not paid by the due date indicated on the quote or order form will automatically incur penalties equal to three times the legal interest rate. In addition to late payment penalties, a fixed fee of €40 will be charged for recovery costs.

## ARTICLE 7 - TRANSFER OF RISKS

### 7.1. TERMS AND CONDITIONS

From the date of delivery of the Goods, including delivery to Bord à Bord's premises, the risks, including loss, theft, deterioration of the Goods or damage caused by these latter, are transferred to the Buyer notwithstanding the retention of title subject of Article 9 below. Therefore, it is the Buyer's responsibility, from the moment of the transfer of risks, to insure the goods sold against theft, fire or any other form of destruction, degradation, accidents, or disappearance.
