

FOXSEA® 900 – Open or Wheelhouse

A multi-purpose vessel

The FOXSEA® 900 OPEN or TIMONIER is first and foremost a versatile vessel. Its unobstructed deck can be fully adapted to your needs, whether for maritime work, diving, freight transport, or passenger transport. Its tilting front door allows it to load and unload cargo and personnel from a quay, a beach, a slipway.

TECHNICAL SPECIFICATIONS

Architect, Works of Art, Naval Architecture

MATERIAL	Aluminium 5083 H111
HULL LENGTH	9 m
OVERALL WIDTH	3.2 m
DRAFT	0.463 m / with motor 0.851 m
MAXIMUM POWER	600 hp
CERTIFICATION	DIV 222/3 th
CE APPROVAL	C 18

Sustainability

Its eco-friendly design makes it a responsible choice for the future of diving. Its eco-designed hull is made from aluminum composed of 70% recycled aluminum and is 98% recyclable.

Customization

The FOXSEA® 900 offers a range of options and accessories to personalize your boat to your needs. Do you require custom fittings, a wrap reflecting your business, etc.? Don't hesitate to contact us; we'll work with you to develop your request.

Standard equipment

- Tilting bow gate with manual winch
- 4 lifting lugs
- Aluminum control console
- Aluminum pilot seat
- Rear locker
- Anchor locker
- 2 x 210-liter tanks
- 2 bench seats for 3 passengers with storage underneath
- 4 mooring bollards
- Anti-slip aluminum bridge
- Crown buoys
- Fire extinguishers

Standard electrical equipment

- Double-pole circuit breakers
- Compass
- Waterproof electrical panel
- Cigarette lighter and USB sockets
- Navigation lights
- 2 LED spotlights

Frequently Asked Questions

"With its flat bow, will the ship slam into the waves?"

FOXSEA boats were designed so that the forward door hinge is well above the waterline to prevent the boat from slamming into the waves. Our FOXSEA 800 sails daily in the Irish Sea, a rather...challenging area.

"Does the front door leak water? Is the deck constantly wet?"

No, the front door doesn't let water in, as it's well above the waterline. Furthermore, the door is designed to allow water to flow from the deck to the sea (for cleaning, etc.), but not the other way around.

"Can several people walk, park, or transport freight through the front door?"

Yes! It's designed for that! All doors are designed according to BV regulations and are verified by finite element calculation.

"Can we dive from the front door?"

Yes, without any problem, we can design an adaptable diving ladder or the front door can be used as a diving board.

"Can the ship beach itself?"

Yes, Foxsea boats are designed to fail; it is a primary function of their design brief.

FOXSEA® 900 – Pricing

As described above

2x200 hp YAMAHA engines

The "engine" service includes: hydraulic steering / engine installation / electrical connections / electronic connections / batteries (depending on the connected equipment) / battery coupler with peripheral device / electrical checks

Price excluding VAT* of the FOXSEA 900 (ex-works)

€147,000

*Valid until 31/07/2025 - as the price of aluminum is currently very volatile, an adjustment may be necessary when ordering the material

OPTIONS (excl. VAT) – not included -

Electrical and electronic options

Economy electronics package: Helix 7 GPS/fishfinder + RT750 AIS VHF radio + antennas	€2,341
Standard electronics package: Helix 9 GPS + RT750 AIS VHF + antennas	€2,812
Medium electronics package: Helix 10 GPS + RT750 AIS VHF + antennas	€3,348
Premium electronics package: Solix 12 GPS + RT1050 AIS VHF + antennas	€5,969
PRO Electronic Package: Apex 16 GPS + RT1050 AIS VHF + antennas	€7,942
LOFRANS 1500W windlass with 14kg anchor	€1,890
SE50 Bow Thruster	€2,700

Metal fabrication options

Aluminum Top	€1,950
short open wheelhouse	€5,800
Long open wheelhouse	€7,500
Hinged rear cabin door	€850
Sliding cabin door	€2,200
Scuba diving version (scroll tank storage, rigid Alpha flag, dive light mast, mast with two 300l tanks)	€2,500
	€1,200
150 kg load capacity jib crane with stainless steel winch	€2,500
Traction pole (CMU 800 Kg)	€650
Front lifting gantry (can be disassembled) 500 kg (excluding SOCOTEC inspection)	€2,900
Winch support in front of the base (winch not included)	€980
Pushing front	€1,950
Emergency motor chair	€550
Sunshade with tarpaulin over passengers	€2,200
Aluminum sheet metal cover over the passengers	€3,200
Gate in the shields	€660
Rear security door	€550
Standard engine protection	€450
Black delta/omega 80x70 mm defense - price per linear meter	€200
Additional cost Lockable drain	50 €
Removable handrails - price per linear meter	€250

Unsinkable aluminum
Customizable ships

Who are we ?

Bord à Bord is an aluminum shipyard renowned for its expertise and know-how for over 20 years (established in 2001). With the takeover of the shipyard in 2019, Loïc and Laurence Cheynet are revitalizing Bord à Bord with the aim of developing new boat models tailored to customer needs.

Indeed, Bord à bord offers a range of aluminum boats up to 24 meters for professionals, recreational boaters, and adventurers passionate about the marine world. Each new build is a unique project, designed according to the client's needs with precise specifications.

Passionate about their craft, our teams of boilermakers, welders, electromechanical technicians, carpenters, architects, engineers, and naval technicians are involved in every project to design, manufacture, and customize high-quality boats, 100% made in France and Brittany.

Shortest possible supply chains and an eco-design approach demonstrate our daily commitment to sustainable products.

In order to involve the client more in the heart of the construction process, production monitoring is regularly established by sending photos of the different stages of construction of the boat.

VISION

We make every effort to enable our recreational boating customers to live their passion and fulfill their dream, and to enable our professional customers to work on safe, high-performance boats adapted to their profession.

ASSIGNMENT

Our mission is to design and manufacture aluminum boats that meet our clients' specifications and current regulations. Participating in the ecological transition is a point of honor at Bord à Bord, which is why we design environmentally friendly boats.

PEOPLE FIRST

At Bord à Bord, we firmly believe that actively listening to our customers allows us to constantly improve and innovate to enhance our products. This enables us to offer them the solutions best suited to their businesses. Teamwork is a real asset, both internally and with our many partners.

"Why choose an aluminum boat?"

QUALITY

Our boats are fully welded using the TIG/MIG protocol, and everyone is involved in ensuring quality control.

LIFETIME

Aluminium is synonymous with durability; buying an aluminium boat is a long-term investment.

AESTHETIC

Our boats feature a brushed surface treatment for a refined finish. Numerous options are available to personalize the boat's design.

ROBUSTNESS

The structure and optimized thickness of the aluminum used in the boat give it strength and durability.

RESISTANCE

Aluminium offers high resistance to shocks and friction.

ENVIRONMENT

The aluminum used in manufacturing is composed of 70% recycled aluminum. Aluminum can be recycled up to 98%, confirming our eco-friendly approach.

design.

UNSINKABILITY

All our professional vessels and boats are of unsinkable design

FLAMMABILITY

Safety on board is enhanced by the non-flammable nature of aluminum.

GENERAL TERMS AND CONDITIONS OF SALE 1/2

These general terms and conditions of sale govern all sales of Goods by BORD A BORD to the Buyer. They apply to the contractual relationship between BORD A BORD and any Buyer and constitute the legal basis for all sales that have not been the subject of specific express agreements accepted by both parties.

ARTICLE 1 - APPLICATION OF THE GENERAL TERMS AND CONDITIONS OF SALE These

General Terms and Conditions of Sale (22/04/2020) are systematically sent or given to each buyer to enable them to place an order and apply automatically to all sales of new motorboats or pleasure craft manufactured by BORD A BORD. Consequently, placing an order implies the Buyer's full and unreserved acceptance of these General Terms and Conditions of Sale, to the exclusion of all other documents such as brochures and catalogs issued by the Company or the manufacturer of the Goods, which are for informational purposes only.

ARTICLE 2 - ORDER - MODIFICATION OF GOODS - DELIVERY The order is final once the Bord à Bord quote or order form has been accepted and signed by the Buyer. Any modification to the order must be agreed upon in writing by both parties. Any modification will automatically result in a postponement of the initially scheduled delivery date. The sale of the boat will be formalized by a signed delivery note.

ARTICLE 3 - DATE OF AVAILABILITY AND COLLECTION OF GOODS The date of availability of the goods is specified in the order form. For personalized goods (subject to options), the availability date is given for informational purposes only. As soon as the Company has carried out the necessary checks with its suppliers, it will inform the buyer and provide a firm date.

The Buyer agrees to take delivery of the goods at the Bord à Bord shipyard (EXW) within 15 days of the availability date indicated on the order form. After this period, Bord à Bord may, at its discretion, cancel the sale without prior notice and dispose of the goods. The deposit paid by the Buyer will remain the property of Bord à Bord.

ARTICLE 4. – GUARANTEES AND LIABILITIES 4.1 COMMERCIAL WARRANTY

The Buyer benefits from the BORD A BORD commercial guarantee under the following conditions and terms:

The warranty is 1 year on the aluminium structure of the boat in the case of metalwork and installation of accessories for professional boats.

The warranty is 2 years on the aluminum structure of the boat, including metalwork and installation of accessories for pleasure boats.

The warranty is 1 year on accessories - Manufacturer's warranties. The warranty is personal to the Buyer and non-transferable. The warranty applies provided that the usage recommendations indicated in the Owner's Manual are respected.

Any work on the boat without the manufacturer's written authorization will result in the loss of this warranty and possibly legal action.

If the warranty return requires Bord à Bord's intervention, this will be done in their workshop.

In this case, the costs associated with returning the boat to the workshop will be borne by the boat owner.

4.2 LEGAL GUARANTEES If the

owner makes any modifications to the goods, they must use a professional or authorized repairer for maintenance, repairs, or the supply of spare parts. Otherwise, the Buyer will lose the benefit of Bord à Bord's legal guarantees.

ARTICLE 5. – PRICE The

selling prices of the Goods are those applicable at the time of signing the quote or order form for series boat models.

The selling prices of the goods may be adjusted at the time of ordering the raw material and other components in the case of custom-made models or models that have been modified by a naval architect.

In the case of specific requests from Maritime Affairs, certification bodies, classification bodies, maritime or river experts or other authorities, during or after construction, additional costs could generate a price increase.

In the event of significant price fluctuations of +/-5% of raw materials or components at the time of ordering them, an adjustment of the selling price may also take place.

Shipping costs are not fixed; they may be updated at the time of delivery.

Prices are quoted in euros excluding VAT.

However, the costs of launching, launching, handling, packaging, transport, delivery, storage, registration, and customs clearance remain the responsibility of the Buyer. Any tax, duty, fee, or other charge payable under French regulations or those of an importing or transit country is also the Buyer's responsibility.

GENERAL TERMS AND CONDITIONS OF SALE 2/2

ARTICLE 6. - PAYMENT 6.1.

TERMS AND CONDITIONS

Unless otherwise stipulated in our quotes or order forms, the Buyer shall pay a deposit of 30% of the price including VAT upon ordering, the said sum not constituting in any way a down payment.

The goods are delivered by Bord à Bord (ex-works EXW) only upon full payment.

Bord à Bord does not intend to grant any discount for cash payment or payment made before the date resulting from these Terms and Conditions.

6.2. DELAY

Any sum not paid by the due date indicated on the quote or order form will automatically incur penalties equal to three times the legal interest rate. In addition to late payment penalties, a fixed fee of €40 will be charged for recovery costs.

ARTICLE 7 - TRANSFER OF RISKS

7.1. TERMS AND CONDITIONS

From the date of delivery of the Goods, including delivery to Bord à Bord's premises, the risks, including loss, theft, deterioration of the Goods or damage caused by these latter, are transferred to the Buyer notwithstanding the retention of title subject of Article 9 below. Therefore, it is the Buyer's responsibility, from the moment of the transfer of risks, to insure the goods sold against theft, fire or any other form of destruction, degradation, accidents, or disappearance. It also belongs to The Buyer is required to take out insurance guaranteeing their civil liability. Bord à Bord se disclaims all penalties for loss of operation following immobilization of the vessel. The client agrees not to recover funds from Bord à Bord beyond the limits of their policy. insurance.

7.2. IN THE CONTEXT OF A SALE ABROAD

For sales of goods destined for foreign countries, the transfer of risks and costs will be carried out according to the ICC Incoterm mentioned in the quotation or purchase order, latest version in force at the time the offer was established.

ARTICLE 8. - RETENTION OF TITLE

The goods remain the property of the company Bord à Bord until full payment of the price.

ARTICLE 9 – MISCELLANEOUS PROVISIONS

In the event that one or more of the stipulations of these General Terms and Conditions are (in) t if set aside by a legislative or regulatory provision or by a court decision, all other provisions would remain applicable.

ARTICLE 10. – FORCE MAJEURE

The occurrence of a force majeure event has the effect of suspending the execution of the contractual obligations of the company Bord à Bord à Bord.

Force majeure is defined as any event beyond Bord à Bord's control that prevents its normal operations during the manufacturing or shipping of products. Force majeure events include, but are not limited to, total or partial strikes, strikes by Bord à Bord's suppliers, subcontractors, or carriers, as well as interruptions in transportation, energy supply, raw materials, or spare parts, and pandemics and epidemics.

ARTICLE 11. – APPLICABLE LAW - JURISDICTION For

all disputes relating to the application of these general terms and conditions of sale or services provided by BORD A BORD, the Commercial Court of Saint-Brieuc shall have sole jurisdiction.
